

NETWORK SECURITY & SECURITY MANAGEMENT

Comprehensive Digital Protection

HOW CAN TELEFÓNICA TECH HELP?

Comprehensive Digital Protection offers a complete, multi-device solution designed to keep your devices, personal data, and family secure from digital threats

Your devices are exposed to malware, phishing, and digital risks in a hyperconnected world. Comprehensive Digital Protection safeguards them through analysis and proactive security

It includes advanced parental controls, browsing protection, and alerts for fraudulent messages for secure Internet use

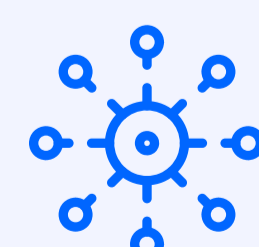

WHO IS THIS SERVICE FOR?

Private users who want to protect their devices

Families who want a secure Internet for their children

Individuals with multiple devices seeking centralised protection

Users of public or mobile networks who require additional security

OUR VALUE PROPOSITION

Our service

A comprehensive solution that combines antivirus, secure browsing, parental control and identity protection in a single platform

- Multi-platform security
